## CORINTH NATIONAL CEMETERY, MISSISSIPPI

---

This Cemetery is situated about three-fourths of a mile southeast from the railroad depot at Corinth, Mississippi, and near the crossing of the Memphis and Charleston and Mobile and Ohio railroads.

It covers an area of 20 acres, and is enclosed by a substantial wooden picket fence, and is laid off in sections intersected by well-graveled walks and avenues.

The main avenues have been ornamented by excellent shade trees and evergreens, and a number of trees have been set out, at uniform distances, around the entire grounds near the fence.

The Cemetery is located on a commanding eminence, and a flag-staff has been erected on the summit of the hill, from which the national ensign.

A lodge for the accommodation of the keeper has been constructed near the main entrance, and a well, furnishing a good and permanent supply of water, has been sunk within the enclosure, and is protected by a neat and tasteful structure.

The original head-boards have all been preserved, and are numbered and arranged for the convenient reference of friends.

The whole number of interments made in this Cemetery is 5,688, (of which 1,793 are known, and 3,895 are unknown,) representing 273 regiments from 15 different States.

These dead were gathered from some 15 or 20 battle-fields or skirmish grounds—from Corinth, Iuka, Holly Springs, Guntown, and Farmington, Mississippi, and from Hatchie river, Parker's Cross-roads, Middlebury, and Britton's Lane, Tennessee, and from various scattered camps and hospitals in Tennessee and Mississippi.

**DISCLAIMER:**

The *Roll of Honor, No. XX*, contains three (3) separate lists for Corinth National Cemetery. Only the two (2) lists that detail the names of those men classed among the "Unknown" dead or taken home by friends are transcribed herein.

The History Program, National Cemetery Administration, Department of Veterans Affairs has made every attempt to ensure the accuracy of the transcription presented. However, some changes from the original were made to improve the readability and accessibility of the document. Changes include: adding running numbers on the left-hand side of the document; correcting letters that were printed upside down in the original; and replacing "do." (meaning *ditto*) in the columns labeled "Regiment" and "Original Place of Interment" with the regiment and original location. Additionally, when no information was provided, "[Blank]" was inserted in the table cell.

You may wish to consult the list in its original form either on-line or through your local library.
