The Virtual Student Federal Service (VSFS) is the largest virtual internship program in the world! This year there are more than 1,000 vacancies with more than 30 federal agencies. VSFS offers unique mentoring and exposure to job opportunities within the U.S. government. Applications for the 2020-21 VSFS program are due July 31, 2020. Students, #ApplyinJuly on USAJobs.gov. You may apply to three projects. You can "favorite" projects by starring them. You can compare your favorites on the favorites page. But beware! Favorites are saved only as long as you are online.

The Department of Veterans Affairs (VA), National Cemetery Administration (NCA), is looking for U.S. college students to work as e-historians in its History Program (https://www.cem.va.gov/cem/history/index.asp). Three (3) positions are available for Digital Storytellers. Research topics will differ, but each VSFS intern will help us tell veterans’ stories and interpret U.S. history. The final research-based content will be used on the NCA website.

VA manages over 140 national cemeteries in the United States and its territories. More than half originated in the Civil War or as burying grounds at 19th century forts in the West. The internships offer an opportunity for students to explore the history of these properties and research the stories of veterans who, in their time and place, are associated with events of lasting impact. Examples include noteworthy military service from Civil War to Vietnam, commemorative monuments, foreign POWs, architecture, and Memorial Day ceremonies.

Requirements

- E-interns should expect to work up to (10) hours a week from September 2020 through May 2021. This is unpaid, volunteer work, but NCA will work with your institution if you seek course credit.
- To apply students must log on to USAJOBS, create an account, build a resume, write a statement of interest, and upload a transcript. We are: VA-USA-51 (https://vsfs.state.gov/projects/view/3039).
- All applicants must be U.S. citizens in student status at a university in the United States or abroad. VSFS is open to undergrad through PhD candidates taking classes full or part time, in-person or online.
